

Open House a success

We were very pleased with the large turnout to our open house on Sept. 12. Approximately 200 came for a tour of our production facility and to enjoy hamburgers from the BBQ.

From Medicine Hat to India

Our production remains steady with a very supportive volunteer base. Fall crops such as onions, cabbage and potatoes have been coming in large quantities adding to the variety of vegetables in storage drums. We recently had the opportunity to receive a report from our friends at Bridge of Hope in India who tested some of the first product from Prairie Gleaners.

The report from the chief cook responsible for feeding 850 children per day is the product cooks up very well with rice and is enjoyed by the children.

Volunteers are welcome Wednesdays to Saturdays from 8:30 AM till noon.

We are located at 851 Industrial Ave, (Hwy 41A) behind the big blue doors.

2nd Annual Harvest Banquet

Friends and supporters gathered once again for our annual banquet. Everyone was given a sample of soup made from dehydrated produce from our Gleaners project, followed up by a great roast beef dinner, all the while enjoying a string quartet playing chamber music. We were especially pleased to welcome Carl and Elaine Goosen from the Fraser Valley Gleaners who brought greetings from Abbotsford but also met with us to offer welcome advice and encouragement.

Cooler Needed

As production continues to grow it has been apparent we need a walk in cooler in the facility, to store cut up product on trays and racks while waiting for a turn to go in the dryer. We will need to purchase a cooling unit estimated at \$3,000.

The Prairie Gleaners accepts its mandate from **Isaiah 58:10** - *If you give food to the hungry and satisfy those who are in need, then the darkness around you will turn to the brightness of noon.*
