

SEPTEMBER 2010

A Note From Cambodia

A team from Alberta recently traveled to Cambodia with Place of Rescue Foundation, an organization dedicated to supporting orphans, persons with aids and disadvantaged single moms and grannies. They loaded suitcases with bags of our product to leave with the ministry. We recently received an e-mail from the Director in Cambodia along with the picture below. She wrote, *"Today we gave each of the house moms a bag of soup mix. It will make enough soup for each household for several times. We are grateful to Gleaners for this great gift. We can use lots more. They are happy to get it and we know of many other places that would also love to receive it for the children."*

MANY HANDS

There are so many people who contribute in significant ways to the ongoing production of the Prairie Gleaners and we're so very thankful for each and every one. We are thankful for the wonderful support from the growers and packers in our area. There are the volunteers who come out every day of production and the bakers who deliver fresh muffins and cookies that are enjoyed by the volunteers during our coffee time. As well there are those who work out of sight with promotions, maintenance, vegetable pickups and administration.

We are all needed to make everything come together. I want to make special mention of Eric for all of the background work he does maintaining our vans and making sure the out of town vegetable pickups happen when needed. We would be lost without him.
