

Preparations Continue

Construction of the vegetable dryer has been the main focus of our work over the past couple of months. We are very grateful to **ValleyTECH Industries** for providing us with the structure materials, which will become our dehydrator. Volunteer welders have been busy constructing support frames and a doorframe over the most recent weeks and volunteer carpenters have completed most of the support foundation.

Welding some of the Frame

Most of the plumbing has been finished in the facility, much of it being recycled materials. The few challenges involved while connecting the water and drains proved to be no match for our skilled volunteers.

Smiles - because no big leaks

First Annual Banquet

Almost two dozen people showed up on short notice to plan for our first annual promotional banquet, to be held at:

**Hillcrest Church, Medicine Hat
On Saturday Nov. 8th**

Time – 6:30 PM

Cost of \$20 per ticket.

You can purchase tickets by phoning or e-mailing the number or address shown at the bottom of this page.

We have not yet made any special appeals for funds, but have been blessed by a significant number of people hearing about our project and feeling impressed to provide financial supports. Some responded after hearing about us from friends and others offered support after seeing our brochure or short promotional video. The funds received thus far have allowed us to purchase our commercial dicer, trays and racks, and a wide variety of other materials and supplies all to be used in our production of dehydrated vegetables. We have donors of vegetables and lentils waiting for us to get started and several food aid organizations anxious for us to be able to supply them with food. We greatly appreciate your ongoing prayers and support

The Prairie Gleaners accepts its mandate from **Isaiah 58:10** - *If you give food to the hungry and satisfy those who are in need, then the darkness around you will turn to the brightness of noon.*

We are a charitable not-for-profit society
